Welcome participants and spectators to the 2010 Maryland Badminton Championships. Traditions make up an important part of any sport and they help to foster and grow a sport in importance and fame. The Maryland Badminton Championships celebrates its 54th running with this year's tournament. The "Maryland Challenge" bowls have been competed for since 1937 with interruptions due to the war years and the dissolution of the Maryland Badminton Association in the late 1970's. Players are competing for the right to have one's name engraved similarly on these trophies. In this way we are continuing the old tradition that initially made badminton a strong sport in Maryland and produced many of this country's finest players in their time.
